

Sustainability-Checkliste For Visitors

Energy

- ✓ The whole of Basel is powered with **green electricity**. Our premises also use electricity from renewable energies. And, with the solar cells on our green roof, we are additionally electricity producers. A superb basis for any event.
- ✓ Hall A1 South is **energy efficient** as certified by the Minergie Label
- Be sure to **use water sparingly**. Our cleaning staff have already received the appropriate training.

Travel to and from our venue

- ✓ Messe and Congress Center Basel are **centrally located** and readily accessed via **the outstanding public transport network**. This ensures that everything is within easy reach in the city and also makes for easy travel from within Europe.
- ✓ All hotel guests in Basel benefit from the **BaselCard** and can thus use local public transport free of charge. Other transport companies also offer reduced-rate travel, such as the **DB Event Ticket**
- Use local and long-distance public transport
- Set up **carpools** to bundle rides.
- **Offset** the air travel of the organising team.
- Make your visit to Basel a sustainable one. Basel Tourism can inspire you with a large number of sustainable tips for Basel.

Accommodation

- ✓ Numerous **hotels can be reached on foot** or by a short tram ride.
- Book one of the **hotels in the direct vicinity** of the event venue.
- Particularly recommend accommodation that is committed to sustainability. This can be recognised by the **Swisstainable-Signet** for example.

Catering

- ✓ We work exclusively with our catering partner **Wassermann & Company AG**, who is committed to a high quality standard and a correspondingly high level of customer satisfaction.
- Why not try one of the creative **vegetarian/vegan catering**? Not only are they healthy, they also reduce climate-damaging emissions by around two-thirds.

- Opt for **reusable solutions** for tableware and packaging.
- Bring your own **water bottle** that you can refill.
- Avoid **food waste** by only taking as much food as you can actually eat, even if our eyes are bigger than our stomachs at times.

Infrastructure

- ✓ Our partner [SRS Swiss Recycling Services](#) ensures the **correct disposal of recyclable materials**
- ✓ We provide **free Wi-Fi** in our exhibition halls and Congress Center and, in some areas, lockers for charging electronic devices.
- Consistently refuse all giveaways and flyers that you do not really need. Actively ask whether the information and the event programme are available in paperless form.
